

# WeighTech®

Washdown Engineered Tough

## Indexing Hopper Scales

The **WeighTech** indexing hopper scale system allows for bulk packing of a wide range of products to include whole wogs, all cuts of poultry, fish, pork, and beef. The hopper scale with conveying system automatically fills the box below the chute. Once filled, the box is automatically released and a new empty box indexes under the chute for uninterrupted filling.

### Advantages:

- Simple operation
- Proven performance
- Labor saving
- Low maintenance

### Features:

- MicroWeigh Indicator
- 304 stainless steel construction
- Single, dual, or triple hopper
- Capacity is 6 to 18 cycles per minute

# Indexing Hopper Scales
